There are plenty of family-friendly destinations where you can visit a water park, but it's even better when you can hit the waves without ever leaving your hotel. That's why we rounded up the best U.S. hotels with water parks for your next family vacation.

With few exceptions, water park access is included in your stay, making these 16 water park hotels so much more than just a place to sleep (though you may need a good night's rest after splashing all day).

## Okana Resort & Indoor Water Park

The newly opened Okana Resort & Indoor Waterpark splashed down in Oklahoma City in April. The 404-room resort is home to both an indoor water park and an outdoor adventure lagoon (open from Memorial Day to Labor Day).

At the indoor water park, you'll find waterslides, an interactive splash playground, a wave pool, a FlowRider surf simulator and an adults-only hot tub. Outside, the Okana Beach water park has additional slides, a large pool, an inflatable obstacle course, a swim-up bar and more.

*In addition to standard rooms and multiroom suites, bunk bed suites are also available. Room rates start at \$130 per night, plus taxes and fees.*
